

*Sportstec takes great pride in sharing this email. So often the impact of our products goes unrecognised and it was tremendous to receive this email to our Canadian Distributor (Lindsay Miles) acknowledging the impact Gamebreaker had on their State Championship winning season.*

*Well done to Lindsay, Mike Hayes and the St John Jesuit High School team.*

*Philip Jackson*

Lindsay,

It's Mike Hayes from Toledo St. John's here. Long time no talk. Our season just ended this past weekend and I thought this would be a good time to email you and fill you in on our season.

Toledo St. John's Jesuit became the first Toledo team to win the State Championship in the tournament's 30-year history! It was an incredible weekend that we'll all remember forever. I report this to you because I would be remiss if I didn't acknowledge that the Gamebreaker system that we purchased this past year was a huge factor in our success.

First and foremost, we were able to put a very good game plan together on Saturday night for our championship game Sunday.

After the semi-final game Saturday, we broke the film down from our two earlier contests vs. Parma Padua. We were able to find some things we thought could work to our advantage and it certainly did. The most important part is we were able to do this quickly and efficiently. By 9pm we had what we thought was a solid game plan. After our team meeting, I know our players felt confident knowing that they were prepared for the next day.

Over all, the system did exactly what I thought it could do for our program. One interesting fact to this season is we never lost to a team the second time around. We lost a couple games to teams we only played once. Our other losses were to teams we were playing for the first time this year. The second (and third) time around, we were able to knock them off. I'm certain that our ability to prepare for the team the second time around was a huge factor.

We truly appreciate all your assistance early in the season in helping us learn all the valuable ways we could utilize this system. I know you don't want to hear this but I'm doing my best to keep this our little secret (weapon). Take care and I hope to see you at Roger Nielson this year.

P.S. Enclosed is the article in our newspaper from the state championship game.

Mike Hayes, CPC
