

JONES OFFERS CLUBS INSIGHT

27 February 2008

Coaches from Saracens' Partner Clubs attended a special coach education session at Sunday's game against Harlequins with World Cup winning coach Eddie Jones offering his thoughts and insights during the presentation.

Eddie Jones explaining the matchday role

The session titled “Observe, Analyse, Act” has been designed in conjunction with Jones and focused on the role of a coach during a match day. The session provided an opportunity for those in attendance to gain a basic understanding of Observation and Analysis, as well as an insight in the analysis technology with Matt Wells, Saracens Video Analyst. This provided the chance to gain an insight into the SportsCode software used to analyse the professional game and what goes on behind the scenes at Saracens.

Jones was able to provide a unique insight into his role on a match day as a coach based on his previous experiences including Winning the world cup with South Africa and using working examples of how he has or could make changes to impact the game.

Those in attendance also received some quantitative stats following the game for them to interpret and see if stats reflected the performance of the team.

Local coaches taking in Eddie's words of wisdom

Off the back of a successful initial session and in response to overwhelming demand, Saracens are offering another chance for Coaches to attend "Observe, Analyse, Act" with Eddie Jones. (For more details please call 01923 204 602).

The course was so successful that it is being repeated
